A Profound Economic Crisis: finding a way through to a better future

19-20 January 2023

(with departure on 21 January for in-person guests)

*Participants and observers are reminded of the private and confidential basis on which Ditchley Foundation conferences are held. All those participating do so in their personal capacities, not as spokespeople for any country or institution. In addition, all the proceedings take place under the 'Ditchley Rule', whereby all contributions are unattributable and interventions are made in strict confidence; this also applies to exchanges that take place outside the formal sessions. Those present are free to draw afterwards on the substance of what has been said, but not under any circumstances to reveal to any person not participating in the conference who it was that said it. The Rule will be scrupulously observed in any Note later produced on the conference by the Director. The verbal discussions will **not** be recorded, and private Zoom chats are, by definition, private. Public Zoom chats (i.e. chats sent to 'Everyone') will be saved, as any substantive comments may contribute to a conference summary (while adhering strictly to the Ditchley Rule).*

A Note about the programme:

The following programme encompasses the timings for guests in multiple time zones, as shown (*these are not comprehensive, due to space limitations*). Inevitably, some sessions fall during guests' night-time hours at certain points in the programme and these guests are not **expected** to join at these times; however, all guests are nevertheless **welcome** to attend all the sessions.

Please note the timings as they relate to you.
