TRAVEL GUIDANCE

(Arrival/departure in Ottawa, visas, COVID requirements, hotel parking information, weather in November)

Please read the following notes carefully.

- Ditchley does not routinely pay for air or rail fares and regrets that it cannot accept responsibility for costs incurred without prior consultation. In some circumstances, support towards the cost of air travel and local transportation costs in Ottawa may be available, upon request. Please apply via sandra.ricks@ditchley.com.
- It is helpful if your **luggage** is clearly labelled with your name, so that it can more quickly be directed to your room on arrival and directed appropriately for departure.
- International guests are responsible for checking the **COVID-related travel restrictions** and requirements in place before they travel to Canada. Ditchley will not be liable for any additional costs incurred. Guidance is available [here](#). However, please keep checking the advice, as the media is reporting a loosening of the entry requirements by the end of September

Visas and COVID testing

- **Participants are responsible for checking the Canadian visa requirements that pertain to them.** Note that most people will need either a visa or an ETA to travel to Canada. You can check the requirements here: <http://www.cic.gc.ca/english/visit/visas.asp>.
- **Participants are responsible for studying all the latest information regarding changes to the requirements resulting from the pandemic.** You can check the Canadian requirements [here](#)
- Guidance for travellers leaving from and returning to UK is provided [here](#).
